FISCAL IMPACT STATEMENT

LS 6016

BILL NUMBER: HB 1851

DATE PREPARED: Oct 5, 2000

BILL AMENDED:

SUBJECT: Group insurance for township employees.

FISCAL ANALYST: Beverly Holloway

PHONE NUMBER: 232-9851

FUNDS AFFECTED: **GENERAL
DEDICATED
FEDERAL**

IMPACT: Local

Summary of Legislation: This bill provides that a township may elect to provide coverage for township employees under a group insurance program offered to county employees by the county in which the township is located. It specifies that a township employee covered under a county group insurance program must pay the same premium as a county employee, and the township must pay the employer's share of the premium unless the county chooses to pay the employer's share of the premium for the township employee.

Effective Date: January 1, 2002.

Explanation of State Expenditures:

Explanation of State Revenues:

Explanation of Local Expenditures: *County Impact:* The decision to join a county group health plan would be optional for townships. There are 1,008 townships in Indiana. A township that chooses to participate in a group health program established for county employees may affect the county health plan premium prices depending on the township employees' health claims histories. There could also be an increase in cost to a county if the county chooses to pay the employer's share of the premium for township employees.

Township Impact: Townships may realize some savings through a reduction in the employer's share of premium costs as well as a reduction in the administration of the employees' health plan if they elect to join the county's group health plan. These savings are dependent on local action and would vary among townships. There could also be a cost savings to a township if the county elects to pay the employer's share of the premium for township employees. The township savings could be redirected for other purposes.
